

# *tutorial* Roman Cord Styles

Three different cord styles to choose from

**Plaited Cord** – The strings on the Roman Blind are plaited to give a neat and tidy finish. Provided with a brushed aluminium acorn and cleat.

**Standard with Cord Joiner** – The strings on the Roman Blind are knotted inside a plastic Cord Joiner and a larger cord is used from the joining point. Provided with a brushed aluminium acorn and cleat.

**Deluxe Chain Control** – Clutch driven mechanism that eliminates the need for a cleat.
